

E-MAIL RELEASE

Diamond D General Engineering, Inc. is pleased to announce that we received the Safety Training Evaluation Process (STEP) Award, Platinum Level from the Associated Builders and Contractors, Inc. (ABC) in recognition of our high level of achievement and our ongoing efforts in the development of a quality safety program for 2008.

"We have been stressing safety as a top priority since our founding in 1992, and since then we have never had a lost time accident" Spencer Defty said. Keeping our jobsites as safe as possible and our employees focused on safety so they can go home to their families at the end of each day helps us retain the best people, is beneficial to our customers and is just the right thing to do."

We are also pleased to share the attached article concerning our demolition project at Travis AFB.

Founded in 1992 Diamond D General Engineering has evolved into one of Northern California's premiere general engineering contractors. The company, based in Woodland, specializes in heavy civil construction, habitat restoration, excavation, earthmoving and paving. They are an SBA certified 8(a) company.
